

CAREER DEVELOPMENT CENTER

Called to Serve | Respond to Purpose

The Career Development Center desires to help students in the development of their God-given identity and building the skills necessary to succeed in the world while teaching them how to successfully integrate their gifts, interests and Christian faith into their work. 88% of JBU grads have a job or are enrolled in a graduate program within six months of graduation. We believe in work as a way to glorify God and represent Christ to others (Romans 12:10-13).

“Your call will become clear as your mind is transformed by the reading of Scripture and the internal work of God’s Spirit. The Lord never hides His will from us. In time, as you obey the call first to follow, your destiny will unfold before you. The difficulty will lie in keeping other concerns from diverting your attention.”
- Charles R. Swindoll
