**SEA Director Position**

Carrying out the mission of SEA by creating new events and sustaining traditional ones, is the main objective of the Director of SEA. This position provides overall direction and leadership to the Student Events and Activities officer team by leading weekly meetings, delegating tasks in order to effectively implement weekend programming and providing overall communication throughout the week. In addition to directing the SEA team, this position oversees the volunteers for SEA, recruiting new members, directing them on assignments and hosting additional meetings as needed. The director attends activities providing ground support for events. This position meets on a regular basis with the Coordinator of Student Activities for leadership development, addressing needs of the SEA team and overall management assistance. Important skills include creativity, problem-solving, conflict management, organization and communication.

*Required: 2.5 GPA; full-time student (12-18 credit hours); in good standing with the university*
