

JBU Students,

Like many of you, we have been closely monitoring the rapidly evolving situation regarding COVID-19 (Coronavirus). John Brown University has made the decision to temporarily halt in-person services, which includes our resources within the Career Development Center (CDC), and will resume in an online format on Monday, March 30. We understand that the impact of COVID-19 may cause some concern among students, especially those soon to graduate who are seeking entry into the workforce. Staff within CDC are doing everything within our power to assist you as you continue with your career preparation.

Our number one priority will always be the health and safety of our students, employers, and staff. Thus, we in the Career Development Center are sharing the following with all students.

Employment Services:

- Hiring & Networking Career Fair: Out of an abundance of caution, we are canceling our upcoming [Hiring & Networking Fair](#) scheduled for Wednesday, March 18.
- Job/Internship Applications: [JBU Handshake](#) is still an available and robust resource for those seeking job and internship opportunities.
- Interviews: For those who have accepted an interview with a recruiter through our On-Campus Interviewing Program, we are preparing to transition in-person meetings to virtual. This will not happen until after March 30th. CDC staff will work directly with all candidates to provide alternatives utilizing our Zoom videoconferencing technology or employer-provided systems. You can email us at cdc@jbu.edu for further questions or assistance.
- Information Sessions: Unfortunately, due to the lack of suitable alternatives, all employer networking and information sessions are canceled during this period. Check online for any Virtual Events or employers may be planning in lieu of campus visits.

Career Preparation Resources:

- Online Resources: Access [Career Development](#) online for resources with interest clarification, mock interviews, industry information, and more.
- Currently Scheduled Appointments: We will convert all currently scheduled career advising appointments to virtual meetings. If you have an appointment, career advisors will send you instructions on how to connect via Zoom as your meeting date approaches.
- Stay tuned into our social media channels here: [JBU CDC Facebook](#) and [JBU CDC Instagram](#)
