Consortium/Contractual Agreements

John Brown University will enter into a consortium/contractual agreement with another institution for students enrolled at more than one institution, for students enrolled in the Honors Semester (through the JBU Honors Program), or for certain study abroad programs approved through the Academic Affairs Office.

If JBU is the "home" institution, the student must provide the Financial Aid Office with information regarding the program costs, and the Pell Grant award will be based on the total amount of tuition, fees, and the living allowance. If JBU is not the "home" institution, the Financial Aid Office will submit any required information to the "home" school. The registrar, AVP, and a representative of the “visiting” institution must sign an agreement.
