

2018 Engineering Summer Academy

July 15-20, 2018

This summer at JBU, you have an opportunity to explore the world of engineering with JBU's excellent engineering professors! Not sure if engineering is for you? Come to the Summer Engineering Academy and dig into all things engineering! You might be thinking, "but why should I do the Engineering Academy?" Here are 5 reasons you should definitely join us:

1. Explore engineering as a career choice through hands-on project design, building, and testing.
2. Learn how Christian principles relate to engineering and teamwork.
3. Develop skills with computer aided design, 3D printing, smart materials, and electric circuits.
4. Develop relationships with professors, current JBU engineering students, and fellow campers.
5. Have fun as they learn about engineering and participate in fun evening activities.

Who should apply?: Current 9-11th graders* (10-12th grade as of Fall 2018)

*Preference will be given to upperclassmen.

Cost: \$500** (includes housing, meals, field trips, and project materials)

**Limited scholarships are available.

Registration: Click [HERE](http://www.jbu.edu/summer-academy) (www.jbu.edu/summer-academy)

or use the QR code on the right!
