VOID IN ALL U.S. TERRITORIES, POSSESSIONS, AND WHERE PROHIBITED OR RESTRICTED BY LAW.

REGISTRATION PERIOD: The World Vision and John Brown University Transitional Disaster Shelter Competition (“Competition”) will begin with interested teams submitting letters of intent no later than November 2, 2012. If there are more than 10 applicants, the top 10 will be selected by the judges using the information on the letters of intent. Registration deadline for selected teams will be January 31, 2013. Both World Vision, Inc. and John Brown University are Co-Sponsors of this Competition. The term “Sponsor” or “Sponsors” or “Co-Sponsors” shall refer to both organizations jointly and equally.

ELIGIBILITY: The Competition is open to legal residents of the fifty (50) United States and the District of Columbia who are full or part-time students at an eligible university or college, and are at least 18 years of age or older at the time of entry. PARTICIPATION WILL BE LIMITED TO THE TOP 10 ELIGIBLE TEAMS AS DETERMINED BY THE JUDGES BASED ON THE SUBMITTED LETTERS OF INTENT. Schools will be deemed eligible if they receive an invitation email from World Vision or John Brown University. Invitation emails will be sent to CCCU and ASC institutions (Regions 4 and 5). Employees, and their immediate families (parent, child, spouse or sibling and their respective spouses, regardless of where they reside) and those living in their same households, whether or not related, of World Vision or John Brown University (“Sponsors”) and their respective parents, affiliates, subsidiaries, advertising and promotion agencies, and website providers/web masters are not eligible to enter or win. By participating, entrants agree to be bound by these Official Rules and the decisions of Sponsor, which are binding and final on matters relating to this Competition. Void where prohibited or restricted by law. Competition is subject to all applicable federal, state and local laws.

TO ENTER: During the Competition Period, students may form an entrant Team ("Team") of no more than four (4) total fellow students plus one (1) coach (coach may be a teacher, educator, industry advisor or student), and apply to participate by downloading the Competition application from the invitation email. Then, follow the directions provided to complete the application and submit as directed in order to enter the Competition. Any team member may submit the application. Teams must then, after application and prior to the Judging Event (as described below), design a prototype of a small, cost-effective transitional disaster shelter (see shelter requirements below) using local materials that may be easily put together by unskilled laborers, for rapid deployment and set-up, to be used by aid organizations responding to natural or man-made disasters anywhere in the world. Part or all of the team must bring the shelter to JBU campus on April 19-20, 2013 for testing. Sponsor is not responsible for any costs and/or delays in shipping. One Team-designed shelter equals one (1) entry. Limit one (1) entry per Team for the entire Competition. All entries, along with rights of any kind in the designs, become the property of World Vision.

STIPEND: Each team that is selected for the competition will be provided with a $1,000 stipend to cover material and other costs of the competition. The stipend will be provided upon arrival at the judging event during April 19-20, 2013.

SHELTER REQUIREMENTS: Shelters must be versatile and responsive to a tsunami scenario in Southeast Asia and be able to provide protection from heat and rain. Shelter must perform well structurally against wind loads (withstand 75km/hour wind), seismic loads, similar to withstand earthquake of same magnitude that devastated Haiti e.g. design according to seismic acceleration factor Ss of 1.24 and S1 of 0.56 - as per use in Haiti according to US earthquake codes ASCE 7-02. Shelter must also be versatile in design for ability to allow adequate airflow for natural ventilation in hot and humid climates, must be able to be erected in a variety of topographical and geological conditions, and must demonstrate that the structure is reusable, or can be redeployed for another disaster. Minimum lifespan of the shelter must be
one (1) year, and should be cost-effective – with a limit of $1,500 to fabricate. Economy of scale during the production phase should be considered as vitally important. Teams must submit documentation to verify the cost of materials used in the shelter. The team must assume responsibility for verifying the costs of their structure and keeping such documentation. Judges will evaluate documentation as a part of the scoring. Donated materials not priced will be assigned a cost by the judges. Furthermore, shelter must be lightweight (Overall weight should be minimized; ideally no more than 150 kg per shelter is preferred, easily stored and transported (manufactured so that it can be flat-packed and fits into a standard 8’ x 40’ shipping container), and easy and rapid to assemble without technical experience. Assembly should be straightforward and require minimal manpower, non-electrical tools - that is, simple hand tools that are generally available around the world. Shelter must be upgradable into something more permanent using local materials. If possible, the design should allow for several of the structures to be grouped for other purposes. Shelters must be able to accommodate at least a family of 4 with a minimum allocation of 3.5 square meters of space per person, allow standing head clearance of 2 meters for at least 70% of the floor space, and provide dignified accommodation for a family, with adequate flexibility to respond to social, cultural and religious requirements (e.g. the use of spaces by different genders and ages). Shelter must be the Team’s original creation and design, cannot be previously published or submitted in connection with any other contest or Competition, be in keeping with the Sponsor’s image and shelters may not appear to duplicate any other submitted shelters; contain trademarks, logos, or trade dress (such as distinctive packaging or building exteriors/interiors) owned by others, without permission; contain any personal identification, such as personal names or email addresses; nor can it defame or invade publicity rights or privacy of any person, living or deceased, or otherwise infringe upon any person’s personal or property rights or any other third party rights, contains copyrighted materials owned by others. If the Entry contains any material or elements that are not owned by the Team, and/or which are subject to the rights of third parties, the entrant is responsible for obtaining, prior to submission of the Entry, any and all releases and consents necessary to permit the use and exhibition of the Entry by Sponsor in the manner set forth in these Official Rules. Sponsor reserves the right to request proof of these permissions in a form acceptable to Sponsor from any entrant at any time. Failure to provide such proof may, if requested, render Entry null and void. Sponsor reserves the right to remove entries that do not comply with the entry requirements from Competition consideration. Noncompliant Entries may be removed from the Competition at Sponsor’s sole discretion.

By submitting an Entry, entrant acknowledges and agrees that Sponsor may obtain many Entries in connection with this Competition and/or other Competitions staged and/or promoted by the Sponsor, and that such Entries may be similar or identical in theme, idea, format or other respects to other Entries submitted in connection with this Competition and/or other Competitions sponsored by the Sponsor or submitted for other reasons or other materials developed by the Sponsor. Entrants/Team waives any and all claims entrant may have had, may have, and/or may have in the future, that any Entry and/or other works accepted, reviewed and/or used by the entrant may be similar to his/her Entry, or that any compensation is due to entrant in connection with such Entry or other works used by Sponsor. Sponsor will hereby own the rights to all submitted Entries with no further obligation to Team or Entrants.

**JUDGING EVENT:** All eligible entries received by Teams during the Competition Period will be judged on April 19-20, 2013, at John Brown University in Siloam Springs, AR (“Judging Event”). Teams are fully responsible for all travel, hotel and some meals while at the event. All members are not required to be present at the event, but some must attend to test the structure.
