Introduction

This report is primarily designed to provide a snapshot of retention and graduation rates by TUG major. For in depth analysis and for comparisons across groups, please refer to the interactive dashboard on the Institutional Effectiveness page on Eaglenet (available for those with a JBU login). Majors that are not offered in the current catalog are excluded.

Definitions

Persistence and Completion Rates: While the terms “retention rate” and “graduation rate” generally refer only to students who enter as first-time, full-time students, the rates in this report apply to all students who begin as degree seeking. Completion Rates are only shown for students beginning in 2021-2022 or earlier.

College of Bible, Humanities, and Arts TUG Programs

Department-level and Major-level information related to persistence and completions is given for all degree seeking students. This includes: first-time full-time students, transfer students, and part-time students. Students who began their studies in either the fall or spring semester of the given year are included. The data are organized in two categories:

1. Those students who declared a major when enrolling at JBU: Since many students change majors at least once, rates are given for persistence and completion of the original department or major and also for persistence and completion at JBU in any major.
2. Students who were enrolled in the given major in their 4th semester at JBU: While many students change majors, most students have identified with their final major by their fourth semester. The completion rate of these students earning degrees in the same department or major is given in the last three columns.

Reading the Major-Level Retention Data Tables

Reading across a row in 2021-2022, of all students who entered JBU in Fall 2021 or Spring 2022,

- The first column gives the number of students who began in the major in their first semester.
- The second and third columns give the number and percentage of the students who began in the major and in their third semester were still enrolled in the major. The fourth and fifth columns give the number and percentage of these same students who were still at JBU (in any major) for their third semester.
- The sixth and seventh columns give the number and percentage of these same students who graduated in their original major within 6 years of their first enrollment.
- The eighth and ninth columns give the percentage of these same students who graduated in any major within 6 years of their first enrollment.
- The last three columns show the number of students entering JBU in 2021-2022 who were in this major during their fourth semester at JBU, and the number and percentage of those students who continued and graduated in the major within 6 years of their first enrollment.

Soderquist College of Business

Department-level and Major-level information related to persistence and completions is given for all degree seeking students. This includes: first-time full-time students, transfer students, and part-time students. Students who began their studies in either the fall or spring semester of the given year are included. The data are organized in two categories:

1. Those students who declared a major when enrolling at JBU: Since many students change majors at least once, rates are given for persistence and completion of the original department or major and also for persistence and completion at JBU in any major.
2. Students who were enrolled in the given major in their 4th semester at JBU: While many students change majors, most students have identified with their final major by their fourth semester. The completion rate of these students earning degrees in the same department or major is given in the last three columns.

Reading the Major-Level Retention Data Tables

Reading across a row in 2021-2022, of all students who entered JBU in Fall 2021 or Spring 2022,

- The first column gives the number of students who began in the major in their first semester.
- The second and third columns give the number and percentage of the students who began in the major and in their third semester were still enrolled in the major.
- The fourth and fifth columns give the number and percentage of these same students who were still at JBU (in any major) for their third semester.
- The sixth and seventh columns give the number and percentage of these same students who graduated in their original major within 6 years of their first enrollment.
- The eighth and ninth columns give the percentage of these same students who graduated in any major within 6 years of their first enrollment.
- The last three columns show the number of students entering JBU in 2021-2022 who were in this major during their fourth semester at JBU, and the number and percentage of those students who continued and graduated in the major within 6 years of their first enrollment.

College of Education, Social and Behavioral Sciences

Department-level and Major-level information related to persistence and completions is given for all degree seeking students. This includes: first-time full-time students, transfer students, and part-time students. Students who began their studies in either the fall or spring semester of the given year are included. The data are organized in two categories:

1. Those students who declared a major when enrolling at JBU: Since many students change majors at least once, rates are given for persistence and completion of the original department or major and also for persistence and completion at JBU in any major.
2. Students who were enrolled in the given major in their 4th semester at JBU: While many students change majors, most students have identified with their final major by their fourth semester. The completion rate of these students earning degrees in the same department or major is given in the last three columns.

Reading the Major-Level Retention Data Tables

Reading across a row in 2021-2022, of all students who entered JBU in Fall 2021 or Spring 2022,

- The first column gives the number of students who began in the major in their first semester.
- The second and third columns give the number and percentage of the students who began in the major and in their third semester were still enrolled in the major.
- The fourth and fifth columns give the number and percentage of these same students who were still at JBU (in any major) for their third semester.
- The sixth and seventh columns give the number and percentage of these same students who graduated in their original major within 6 years of their first enrollment.
- The eighth and ninth columns give the percentage of these same students who graduated in any major within 6 years of their first enrollment.
- The last three columns show the number of students entering JBU in 2021-2022 who were in this major during their fourth semester at JBU, and the number and percentage of those students who continued and graduated in the major within 6 years of their first enrollment.

College of STEM and Health Professionals

Department-level and Major-level information related to persistence and completions is given for all degree seeking students. This includes: first-time full-time students, transfer students, and part-time students. Students who began their studies in either the fall or spring semester of the given year are included. The data are organized in two categories:

1. Those students who declared a major when enrolling at JBU: Since many students change majors at least once, rates are given for persistence and completion of the original department or major and also for persistence and completion at JBU in any major.
2. Students who were enrolled in the given major in their 4th semester at JBU: While many students change majors, most students have identified with their final major by their fourth semester. The completion rate of these students earning degrees in the same department or major is given in the last three columns.

Reading the Major-Level Retention Data Tables

Reading across a row in 2021-2022, of all students who entered JBU in Fall 2021 or Spring 2022,

- The first column gives the number of students who began in the major in their first semester.
- The second and third columns give the number and percentage of the students who began in the major and in their third semester were still enrolled in the major.
- The fourth and fifth columns give the number and percentage of these same students who were still at JBU (in any major) for their third semester.
- The sixth and seventh columns give the number and percentage of these same students who graduated in their original major within 6 years of their first enrollment.
- The eighth and ninth columns give the percentage of these same students who graduated in any major within 6 years of their first enrollment.
- The last three columns show the number of students entering JBU in 2021-2022 who were in this major during their fourth semester at JBU, and the number and percentage of those students who continued and graduated in the major within 6 years of their first enrollment.

Undeclared Majors

Department-level and Major-level information related to persistence and completions is given for all degree seeking students. This includes: first-time full-time students, transfer students, and part-time students. Students who began their studies in either the fall or spring semester of the given year are included.

Reading the Retention Data Table

Reading across a row in 2021-2022, of all students who entered JBU in Fall 2021 or Spring 2022,

- The first column gives the number of students who began as undeclared in their first semester.
- The second and third columns give the number and percentage of the students who began as undeclared and in their third semester were still undeclared.
- The fourth and fifth columns give the number and percentage of these same students who were still at JBU (in any major or undeclared) for their third semester.
- The eighth and ninth columns give the percentage of these same students who graduated in any major within 6 years of their first enrollment.

TABLE 50: UNDECLARED MAJORS

Students in the Major in their 1st semester							
	Started in Major	Still in Major 3rd Semester		Still at JBU 3rd Semester		Graduating from JBU	
Academic Year	#	#	%	#	%	#	%
2015-2016	16	4	25%	14	88%	12	75%
2016-2017	16			12	75%	11	69%
2017-2018	16	2	13%	14	88%	12	75%
2018-2019	11	1	9%	8	73%	9	82%
2019-2020	8			7	88%	5	63%
2020-2021	13			11	85%	8	62%
2021-2022	6			5	83%	4	67%
2022-2023	2			2	100%		
2023-2024	7			6	86%		
2024-2025	6	1	17%	6	100%
